Please make sure all members of your party receive this information.

- **Boat Info:** if you are bringing a boat, you can drop in the water at 3pm, but **you will not be able to access your unit until 4pm**, so please plan accordingly. Boat slips are \$25/night and should have been reserved at time of booking for guarantee - they are available on first-come, first-served basis. Your boat slip number will be texted to you before your arrival, and you will be given instructions on where to park your trailer.

- ❖ **House Furniture/Electronics:** We really like the way our homes are laid out, please do not rearrange the furniture or unplug any of the wires behind the TV's. This will avoid unintended scratches and loss of security deposit.

MOST IMPORTANT RULES OF THE POOL: We are a shallow water pool with decorative landscaping rocks and a waterslide. It is crucial that your children understand that jumping off rocks into the pool and sliding down before the water below is clear is prohibited. We want everyone to just relax and have a good time, but must ensure that all are safe, as well. Thanks for helping make sure your children understand this, before entering the pool area.

- ❖ **Trash:** Please put your full trash bags in the blue cans provided in front of the buildings - make sure you tie the bags, before throwing out. **If the cans are full - there is a dumpster at the front of the property.**
- ❖ **Departure Information: Your departure time is 10am, with no exceptions.** You will be charged additional fees if you are not out on time. Please make sure the house is clear of all trash, all of the dishes are either put away or started in the dishwasher and you lock up behind you. We will handle the rest.

Disclosure on Cleaning Fee: The cleaning fee paid covers normal clean up from your stay including laundering all linens. If the home requires additional cleaning for excessive mess, you will be charged accordingly.
